Task Report: Identify and Remove Suspicious Browser Extensions

Name: Dishanyaa Shrii K M
Task: Identify and Remove Suspicious Browser Extensions
Browser Used: Firefox
Date: 03-10-2025

Objective

To learn how to identify suspicious or unnecessary browser extensions and safely remove them, ensuring a secure browsing environment.

Steps Taken

1. Opened Firefox → Clicked **Menu** → **Add-ons and Themes** (`Ctrl+Shift+A`).
2. Reviewed all installed extensions carefully, including:
   - Permissions requested
   - Usage and necessity
   - Reviews and ratings from the Firefox Add-ons store
3. Checked for suspicious behavior like unexpected pop-ups, homepage changes, or excessive permissions.

Findings

- No extensions were installed in the browser.
- No suspicious or unnecessary extensions found.
- No action required.

Conclusion

Browser is clean and secure. No extensions were removed.
